

HYDRATE PLUS NF

Non-Ionic Surfactant Manufactured by Texas Refinery Corp

Makes Every Spray Dollar Work Harder

Why It Works:

- ✓ Improves wetting, spreading & penetration
- ✓ Increases effectiveness of herbicides, fungicides, fertilizers, pesticides & insecticides
- ✓ Reduces wasted chemical
- ✓ Keeps tanks & nozzles cleaner
- ✓ Proven performance (16+ years)

One Product — Not a Stack

Hydrate Plus NF replaces the need for multiple additives.

- Non-Foaming
- Drift Aid
- Sticker
- Spreader
- Penetrant

**One product.
One jug.
Less guesswork.**

Economical Use Rates:

- 1:800 (1 pint per 100 gallons)
- 1:400 (for increased drift control)

Cost as low as **\$0.33 per acre**

(Based on 10 gallons per acre — pricing subject to change)

Approved & Compatible

Approved as a tank-mix adjuvant with major ag chemical manufacturers including:

- Monsanto
- Xtdimax with VaporGrip
- Engenia
- BASF
- DuPont

In most cases, no additional drift agent required.

Bottom Line:

Hydrate Plus NF helps your chemistry work better,
your equipment stay cleaner,
and your money go further.
